LOWDEN HAS PLAN TO UNITE PARTIES

WANTS PROGRESSIVES TO PARTICIPATE IN NEXT REPUBLICAN CONVENTION.

BASIS FOR COMPROMISE

Points Two Reports of Rules Committee, Neither of Which as Yet is Adopted.

Frank O. Lowden, former congressman, former member of the republican national committee from Illinois and suggested by friends as a possible candidate for the republican nomination for governor in 1916, has gone on record as confident of amalgamation between the republican party and the republicans within the progressive party through natural combination of the voters themselves.

In an article published in "The Reflector," the organ of the 1916 Club, Mr. Lowden affirms the 1912 break may be charged back definitely to personalities and that there was no real reason for a republican row over natural party policies. He asserts personal differences can be ironed out, possibly within the existent republican national committee, and certainly before the permanent organization is effected in the 1916 republican national convention, should there be no peace established before that time.

Events Determine Issues.

In part, the article of Col. Lowden says: "No group of leaders can formulate a plan by which two rival political parties can be successfully coalesced into one. And events, not leaders, determine issues.

The progressive party was organized not because it was alleged that enough of delegates, actually elected by the republicans, were unseated by the republican convention to defeat the will of the republicans of the country as to the choice of candidates.

That this was the issue which actually determined the action of those republicans who voted the progressive ticket every one knows who was in that convention on either side.

It is equally true that this will not be the issue in the next campaign. If there is any republican, in any section of the country where there is the slightest chance of republican success, who is in favor of the old rule of apportionment of delegates to national conventions, I have not heard of him.

Basis for Satisfaction.

It gives me a good deal of satisfaction in these days to reflect that Illinois in that convention, voted solidly for reform. Can anyone doubt now that if this change had been adopted in the convention of 1908 the split of 1912 would not have occurred?

The rules which govern the national committee in calling a convention are framed, not by that committee, but by the preceding convention itself. At the opening of the last convention a motion was agreed to that, until a permanent organization was effected and permanent rules adopted, the convention should be governed by the rules of the preceding national convention. Subsequently the rules committee made two reports, a minority report and a majority report.

These reports, however, were laid upon the table and through inattention no action was taken upon them. Therefore there are, strictly, no rules which govern the national committee in its call for the next convention, though, of course, there is precedent.

Chance for Common Cause.

It is entirely possible that the national committee, after an examination of these two reports, will be able to find some ground upon which the advocates of both can consistently stand.

If nothing whatever should be done before and the next convention should be called in the usual way, the moment such convention was temporarily organized and before any business whatsoever was transacted, a new basis of representation

REVISED RETURNS PLACED BIRD SECOND

IN CONTEST FOR GOVERNOR OF MASSACHUSETTS—GAINS FOR WALSH.

The revised election returns show that Bird, progressive candidate for governor of Massachusetts, is second in the race, leading Gardner, republican candidate, by 11,354 votes. Walsh, democrat, wins by 55,613.

The legislatures of Massachusetts and New York are now in the hands of the republicans.

In New Jersey the democrats have both branches of the legislature.

There were 26 progressives elected to the New York assembly and 19 elected to the legislature of Massachusetts.

In both New York districts candidates for congress ran close to the republican candidates. Democrats were elected to fill vacancies in these districts.

Bird Strong Candidate.

Bird of Massachusetts is one of the strongest men in that state, politically speaking. He ran well not because he was affiliated with the new party, but because he is a number one fellow in every particular. He has done a great deal for the people of that state aside from politics. In the new party Bird is a second Roosevelt.

FELDES STILL LIVES CONDITION SERIOUS

FOREIGNER WHO FELL WITH A SCAFFOLD MAY RECOVER FROM INJURY.

At noon today Andrew Felde, the foreigner who was injured in a fall from a scaffold at the cement works yesterday, was still alive, much to the surprise of the attending surgeon and nurses. Considering the nature of the brain concussion the unfortunate man received, it was not thought he would survive the night. However, his condition today is not such as to warrant the prediction of his recovery.

GAS KILLS TWO.

Chicago, Nov. 6.—Special to Telegraph—Two men were killed by escaping gas here today. They extinguished the flame by blowing it out

would be adopted. And while, perhaps, no delegates regularly elected to that convention in accordance with the call would be unseated the vote of such delegates would be reduced to that to which they would be entitled under the new rule. For no delegate, from any district or state which had the slightest chance of republican success, would vote against such proposed change and, of course, such delegates outnumber, more than two to one, the delegates from the southern states."

THIS FOR THAT

HUERTA TO REJECT PRESIDENT'S DEMANDS

MEXICAN EXECUTIVE TO SEAT RECENTLY ELECTED CONGRESS.

Mexico City, Nov. 6.—Special to Telegraph—The purpose of Huerta was voiced today by one close to the provisional president. If congress, however, declares the presidential election null and makes arrangements for another election Huerta will abide by such decision.

WARREN C. DURKES MADE PRESIDENT

OF THE CITY NATIONAL BANK TO SUCCEED S. C. EELLS.

JOHN L. DAVIES IS CASHIER

Many Friends of Both Gentlemen Are Pleased Over Deserved Promotion.

At a meeting of the directors of the City National bank of this city held last evening, W. C. Durkes, who has heretofore been cashier, was elected as president to fill the vacancy caused by the death of S. C. Eells, and John L. Davies was elected cashier to succeed Mr. Durkes.

The selection of Mr. Durkes to fill the position held for so long by the steered Mr. Eells will meet the heartfelt approval of the patrons of the bank. Mr. Durkes came to this city from Franklin Grove about twelve years ago to accept the office of cashier and during the time he has resided in Dixon he has been a most efficient officer of the bank and an active and valuable worker in the Citizens' association and other causes for the betterment of Dixon. During the period of his management the bank has made substantial gains in the amount of business transacted and his conservative methods have inspired the same confidence that the bank always enjoyed while Mr. Eells was in active control. He is also vice president of the Franklin Grove bank and a director in the First National bank of Erie, Illinois. He owns about three thousand acres of rich corn lands in northwestern Iowa and southern Minnesota, and has other valuable financial interests.

Mr. Davies' election as cashier is well merited. Commencing as messenger some ten or twelve years ago, he has always been a most active, faithful and courteous employee and the position which he has won is entirely the result of his own efforts. He is a most competent business man, has acquired a considerable amount of property, and is popular among a large acquaintance of friends and associates who are congratulating him upon his success.

The selection of a director to succeed Mr. Eells will probably be made at the annual election in January.

CARD OF THANKS

We wish to thank all our friends and neighbors for their many acts of kindness during the illness of Miss Rose Rudolph.

PHILIP KRUG DIED IN CHICAGO

DEATH RESULT OF BURNS RECEIVED SOME TIME AGO.

Philip Krug, the son of Mr. and Mrs. Martin Krug of Ashton, died at the St. Bernard hospital in Chicago Tuesday morning from the result of awful burns received two weeks ago Wednesday at the Stelzinger packing house in Chicago. He was engaged in cooking meat, and while walking about on the wet and slippery floor he fell into the vat of boiling water. He was severely burned about the head and chest and although every possible medical aid was given him, death resulted after two weeks of awful suffering.

He was born in Reichensachsen, Germany, Feb. 10, 1877 and came to Ashton with his parents in 1885, where he resided until going to Chicago and entering the employ of the packers. He is survived by his parents, three brothers and two sisters. The funeral was held in Chicago this afternoon.

GOVERNOR DUNNE OUSTS OREGON MAN

MAY OF PEORIA GOT HIS ALSO—APPOINT SUCCESSORS ON FRIDAY.

CHARGED WITH INCOMPETENCY

State Executive Tells Them They Neglected Duties—Criticism Very Scathing.

Springfield, Nov. 6.—Special—Gov. Dunne Wednesday added the final chapter to the May-Robinson repudiation of the recent sensational Pontiac reformatory report, in which the two republican members of the board of managers first signed the report and then declared it was misrepresentative.

The governor removed the two insurgent members.

Charles H. May of Peoria and Frank H. Robinson of Oregon are the two whose repudiation of the report containing sensational disclosures regarding the reformatory management first surprised the governor then visibly angered him.

Name Successors Tomorrow.

Gov. Dunne probably will appoint successors to May and Robinson on Friday. In place of the two republicans it is understood his intention is to name one republican and one progressive in the minority places. It is said C. W. Elliott of Galesburg will be the progressive member of the board. It is the intention of the governor to make public a number of appointments Friday.

How Dunne "Fired" Two Men. Following is the text of the letter the governor sent to May and Robinson:

"After mature consideration of the report of the board of managers of the Illinois state reformatory made to the governor, and which was signed by you and each of you after careful consideration on your part, and realizing that the evil conditions disclosed by that report existed for an extended period of time while you were members of the board of managers of said institution, I am forced to conclude that you were neglectful of your duties during your incumbency or otherwise incompetent or you would have discovered such evil conditions and remedied them.

"I therefore deem it my duty to remove you, and do hereby remove you, and each of you, from the office of member of the board of managers of the Illinois state reformatory or neglect of duty and incompetency in office, such removal to take effect from this date."

How to Make Better Cough Syrup than You Can Buy

A Family Supply. Saving \$2 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. It takes hold of the ordinary cough more quickly, usually conquering it inside of 24 hours. Excellent, too, for spasmodic croup, whooping cough, bronchial asthma and bronchitis. Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours. This is just laxative enough to help relieve a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant. The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in quaiaccol and other natural healing pine elements. Other preparations will not work in this combination. This Pinex and Sugar Syrup remedy has often been imitated, but the old successful mixture has never been equalled. It is now used in more homes than any other cough remedy. A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pine Co., Ft. Wayne, Ind.

THREATENED WITH DIVORCE, HUSBAND QUIT FLYING

Miss Isabel Richards one of the important characters in "The Love Leash" which recently opened for the theatrical season is the wife of an aviator whom she will not permit to fly.

"Choose between me and aeroplane" said she to her husband who is Charles Turpin.

Now Turpin was one of the original five aviators of the Wright school. Three others have been seriously hurt; one or two of them are dead. She was with Turpin at Los Angeles when he fell and sustained very painful injuries. She nursed him through.

"We shall quit this business" said she. "You must find something else to do."

The husband went into the automobile business and she went back on the stage.

"How could I act properly?" said she. "If I had it on my mind all the time that my husband might be killed any time he went into the air? Yes I have flown and the dangers I saw then convinced me that flying

FAMILY THEATRE

There is a treat in store at the Family theatre the last four days beginning Thursday. A musical novelty will be presented by Delpino & Delmore, entitled A Night in the Alps. The opening scene shows the lady and gentleman in the garb of Alpine guides stepping on rocks arranged to produce music. It is a real novelty, one that must be seen to be appreciated. Mr. Delphino got his idea for the act while in Switzerland and the beauty of the scenery so impressed him that he decided to have an act with the Alps for background, hence the billing of the feature attraction.

Lyons & Cullum, a pair of real vaudevillians, present their meritorious offering introducing singing, dancing and whistling imitations.

The pictures are The Child of the Sea and Zeb, Zack and Zulus.

SHIPS IN DEMONSTRATION

**Fleet of Fifteen War Vessels to Make
Showing to Warn Dictator That
Wilson Is Ready—Message
From Envoy Stirs Capital.**

Vera Cruz, Nov. 6.—President Wilson's special envoy to Mexico, John Lind, confirmed last night the report that the United States has sent an ultimatum to President Huerta demanding that he resign the presidency.

The note from Washington demands that the provisional president observe the pledges he made before the election. It points out that it is absolutely necessary that General Huerta and all the members of his official family be eliminated from the government of Mexico.

Intervention Talk Heard.

The report of Mr. Lind's confirmation of the ultimatum caused great excitement in the city. With seven American warships in Mexican waters and reports from Washington announcing that two others are on their way here, talk of immediate action by the United States in Mexico was frequently heard here last night.

U. S. Ships in Demonstration.

Washington, Nov. 6.—A secret message from United States Charge d'Affaires O'Shaughnessy at Mexico City stirred all the administration officials in the three departments of the state, war and navy buildings. The immediate effect of the message was that the secretary of the navy ordered two additional warships to Mexican waters without the usual statement that they were intended to relieve other ships.

U. S. Plans Naval Demonstration.

The result of all the orders of the navy department within the last ten days is to secure a demonstration by the navy against Huerta, with the largest number of American ships used in foreign waters for hostile military purposes since the Spanish war.

The power of a naval demonstration in force will be tried before any other action is suggested by the president or congress, or to any other authority.

The two ships ordered to assist in the demonstration, which will consist of fifteen war vessels, are the cruiser Chester, for the east coast, and the cruiser Pittsburgh for the west coast. The Chester will go straight to Vera Cruz in a day or two from League Island and into the inner harbor, and stay there. She is equipped with the most powerful wireless apparatus in the navy and can communicate directly with Arlington, and therefore practically with the White House itself.

Washington is on the tiptoes of expectation for some announcement the president may have to make today, and expects it in view of the elaborate dispatches received from Charge d'Affaires O'Shaughnessy.

France Declines to Aid Huerta.

Paris, France, Nov. 6.—The French foreign office was asked informally by the Mexican foreign office if it was disposed to mediation between the United States and Mexico.

The French government has taken the attitude that will do nothing until further advised as to the policy of the United States, and then nothing which might be unwelcome.

Germany Told of Policy.

Berlin, Nov. 6.—Full details of the American policy with reference to Mexico was presented to the German foreign office by Ambassador Gerard. He acted upon orders from Washington. It is reported semi-officially here that an outline of the United States policy was presented simultaneously to the foreign offices of other interested European powers.

Put Ships on War Footing.

Norfolk, Va., Nov. 6.—Orders have been received at the Norfolk navy yard to put all vessels, even tugboats, on a war footing for immediate service. It is presumed the tugs will be used in Mexico if it is found necessary to land troops.

30 ARE HURT IN RIOT

Governor Ralston May Call Troops to Indianapolis.

Non-Union Men Beaten by Mob Attacking Car Agree to Go Home.

Indianapolis, Nov. 6.—Thirty people were hurt in a riot which followed the attempt to run a street car on the Illinois street line. Seven strike-breakers and two policemen, were among the injured, when a mob stormed a car the company was trying to operate with non-union men, Governor Ralston, the chief of police, Sheriff Porteus, National Guard officers and business men held a conference.

It is believed the governor will call out the militia within twenty-four hours and there are reports of proposed sympathetic strikes which have filled the city with alarm.

The scene of battle was at North and Illinois streets, where strike-breakers, after being knocked to the floor of the car by stones and bricks, surrendered to the will of the rioters and were rescued by police. The car was abandoned on the track wrecked. The strike-breakers were rushed to the city jail in the patrol wagon, to get them away from the scene. At the police station, after the riot, the strike-breakers entered into an agreement with John Lawn and Albert Lowry of the Central Labor union to return to Chicago on tickets provided by labor unions.

No other further effort was made to operate cars. Charles Maddox, strike-breaker, was held under a charge of assault and battery with intent to kill when identified as one of the men accused of shooting from the car windows when Thomas Carleton was shot Sunday night. Carleton died. Charles Fisher, a strike-breaker, who had previously been arrested for the shooting, was rearrested and charged with murder.

JUST MAD KING; LUDWIG TO RULE
Otto of Bavaria Removed from Throne He Has Held for Many Years.
HIS MIND IS ENTIRELY GONE
Regent Will Assume the Title as Well as Duties—Deposed Ruler Ordered Troops to Charge Stone Wall.
Munich, Nov. 6.—King Otto, the insane monarch of Bavaria, was deposed here on Wednesday after "ruling" for 27 years.
Prince Regent Ludwig proclaimed himself king in pursuance of the provisions of a law just enacted by the two houses of the Bavarian diet.
New Ruler Ludwig III.
The new king is to be known as Ludwig III. He will take the constitutional oath probably on November 8.
A royal proclamation which was posted throughout the kingdom declares incurable the insanity which has incapacitated Otto from ruling and states that in consequence of this "Prince Regent Ludwig has brought his agency to an end, has ascended the throne and nominated himself king."
In his proclamation Ludwig III. alludes to himself as "king by the grace of God."
King Otto Born in 1848.
The deposed King Otto was born April 27, 1848, and succeeded his brother Ludwig II., who drowned himself in Starnberg lake (Starnbergersee), June 13, 1886.
Two members of the Bavarian diet were sent as a delegation to Fuerstenfeld palace to visit the mad king. They found him in a pathetic condition. When he saw them he stammered some inarticulate words. While they were out of the room they heard a crash and found that Otto had dashed to the floor a tea tray which had been set for the reception of two members of the chamber of deputies, who had come to see him, was in its utility a fitting climax to dementia, which had first become pronounced when the Germans were before the gates of Paris in 1870. Otto, then a prince, ordered his regiment to charge a stone wall, in the belief that the wall was a detachment of the enemy. The king of Prussia called Prince Otto to his headquarters, decorated him with the Order of the Iron Cross for past valor and placed him under surveillance.
Tries to Kill Brother.
Such was Prince Otto of Bavaria, who 27 years ago was proclaimed king by Prince Luitpold, then regent. Ludwig II., also a mad king, and elder brother of Otto, had been deposed and a regency established.
BEILISS VERDICT THIS WEEK
Elaborate Precautions Taken to Prevent Disorders.
Kiev, Russia, Nov. 6.—The verdict in the trial of Mendel Beiliss for the murder of the Christian boy, Andrew Yushinsky, is expected about the end of this week.
According to Russian law, the verdict of a majority of the jury is valid and in the event of the jury being equally divided the prisoner gets the benefit of the doubt.
Precautions have been taken by the authorities for the prevention of disorders in case Beiliss should be acquitted.
The closing stage of the cross-examination of Father Panafites, the Catholic priest from Turkestan, who is the principal witness for the prosecution, revealed the fact that he could not even translate the titles of the treatises he himself had quoted as the sources of his anti-Semitic allegations.
FUSION FORCES WIN GARY
R. O. Johnson to Take Office as Mayor in January.
Gary, Ind., Nov. 6.—Many arrests for election sluggings and shootings were expected at Gary, Ind., following the sweeping victory of the fusion forces which defeated Mayor Thomas E. Knotts for re-election and put Gary on a reform basis. Several men were reported shot and others were seriously injured in the rioting which marked one of the most disorderly elections of Gary's short but stormy history.
R. O. Johnson, a Republican, will take office as mayor of Gary January 1. He was the fusion candidate and ran on the Citizens' ticket. With him are elected W. M. Dunn, city judge; H. C. Francis, city clerk; W. D. Hunter, city treasurer, and W. S. Feuer, W. I. Good and John Kester, councilmen at large.
Attacks New Haven Building Award.
Washington, Nov. 6.—Representative Cary of Wisconsin, Republican, asked the house to investigate the award of the contract for the New Haven post office. He asserts the contract was not given to the lowest bidder. The award was made after former President Taft had asked that the building be constructed of a certain kind of marble.

OF LOCAL INTEREST

SOME PEOPLE WE KNOW, AND WE WILL PROFIT BY HEARING ABOUT THEM

This is purely a local event. It took place in Dixon. Not in some faraway place. You are asked to investigate it. Asked to believe a citizen's word To confirm a citizen's statement.

Any article that is endorsed at Home is more worthy of confidence Than one you know nothing about Endorsed by unknown people. Julius Gottlieb, merchant, 418 W First St., Dixon, Ill., says: "My back had been causing me trouble. Often it was so lame and sore that it was hard to bend over. The kidney action was irregular and I knew that my kidneys were disordered. Seeing Doan's Kidney Pills advertised, I got a supply at Leake Bros. Co's Drug store. They did such good work that I recommended them. I am glad to do so again."

STOVES

Don't Make the mistake of thinking that every Oak stove is Beckwith's Round Oak. This is far from the case—there is as much difference between the genuine Beckwith's Round Oak as there is between day and night.

There never was as good a heater made as Beckwith's Round Oak unless it is Cole's Hot Blast and we sell them both. No other stoves will give as much heat with so little fuel, for so many years as these two stoves.

If you want a cheap stove we have them too but why practice false economy?

Goldfloss K. P. & Ceresota flours all fresh goods and never any better in quality than this fall and best of all unlike most other eatables no advance in price.

Goldfloss and K. P. \$1.30 in single sacks, \$1.25 per sack in 5 sack or \$1.20 in per sack in 10 sack lots.

Ceresota flour \$1.50 in single sacks, \$1.45 in 5 sack lots, and \$1.40 in 10 sack lots.

Ceresota is a hard spring wheat flour made from Minn. and Dak. wheat and is a stronger flour that will make more bread than a softer wheat. Goldfloss and K. P. is a hard winter wheat grown in Kansas. The quality is good but not as strong a flour as northern grown.
